RESPIRATORY PROTECTION

RBE-L10

3M Hood Powered Air Purifying Respirator

(PAPR) System with **Lithium Battery (white)**. Includes the following items in a duffle bag: Turbo PAPR Unit, Butyl Rubber Hood, Breathing Tube with Clamp, Decon Belt, Cartridges, Battery Pack (Lithium), Airflow Indicator

3M PAPR ACCESSORIES

BE-10BR

3M Butyl Rubber Hood

Used with 3M™ Breathe Easy™ Powered Air Purifying Respirator (PAPR) Systems. Chemical resistant material provides high level of airflow while providing excellent vision and accommodates facial hair and glasses. **(1 each per case)**

RBE-FIH

3M Hood Insert. Protective foam insert for Breathe Easy Hood(1 each per case)

RBE-BTH

3M Breathing Tube for Breathe Easy PAPR(1 each per case)

RBE-CMP

3M Breathing Tube Clamp

520-04-57R01

3M Lithium Battery Pack **White for Breathe Easy (1 each per package)**

RBE-600

Rechargeable Battery Kit for Breathe Easy PAPR

The New RBE-600 Battery Adapter Kit contains the TR-630 Standard rechargeable battery which now can be used with 3M Breathe Easy CBRN PAPR system. The TR-630 lithium-ion battery is NIOSH approved as part of your current 3M Breathe Easy CBRN PAPR system when paired with the new TR-659 adapter and TR-657 easy clean holster and TR-641N recharging station. Sold as a Kit or components can be purchased separately.

RBE-SC

3M Shower Cover Caps for FR-57 Cartridges(2 each per package)

RBE-TRN

3M Training Cartridge for Breath Easy Systems (6 each per case)

520-01-21

Airflow Indicator for 3M Breathe Easy PAPR systems(1 each per package)

RBE-BLT

3M Decon Belt for Breathe Easy PAPR(1 each per package)

022-00-03R01

3M Breathe Easy PAPR Turbo Unit Only. This Powered Air PurifyingRespirator assembly is used on Breathe Easy systems to help provide respiratory protection.

453-03-02R06

3M™ FR-57 High Efficiency Multi-Gas & Vapor Cartridge
NIOSH-approved cartridge helps provide high efficiency respiratory protection in environments containing toxic industrial chemicals. Use with the RRPAS 6000 Series facepieces or BE-10 Series hood powered supplied air respirator systems. **3 cartridges are needed per system.** (6 each per case)

RBE-57

3M Replacement CBRN Cartridges for use with the 3M BreatheEasy PAPR System (RBE-L10 and RBE-NM10) **3 cartridges are needed per PAPR** (6 each per case)

450-00-01R12

3M HEPA Filter for Breathe Easy PAPR
This NIOSH-approved P3 particulate cartridge helps provide high efficiency respiratory protection in environments containing particulates. Filter should be used with 3M™ Breathe Easy™ Powered Air Purifying Respirator (PAPR) systems. **(12 each per case)**

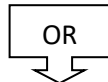

Hoods and Breathing tube compatible with 3M BREATHE EASY PAPR

NOT FOR USE WITH AIRMATE

3M™ Organic Vapor/Acid Gas/HEPA Cartridge/Filter. 5 each per case

BioHazard

Patient Care

S103(size)-20

3M Economy Headcover. 20 each/case

TR-6710N-5

3M™ High Efficiency Cartridge/Filter. 5 each per case

3M FIT TEST KITS

FT-10 Qualitative Fit Test Kit – **Sweet** Includes Hoods, One Collar, Test Solution, Two Nebulizers

FT-30 Qualitative Fit Test Kit – **Bitter** Includes Hoods, One Collar, Test Solution, Two Nebulizers

RESPIRATOR CLEANER

3001

Alcohol Free Cleaning Pads

For use on respirator facepieces where the manufacturer recommends using a non-alcohol cleaning wipe. Active ingredient: Benzalkonium Chloride. Will not harm even the most sensitive rubber facepieces. **100 towelettes per box.**

4001

Respirator Cleaning Kit with Dry Soap

Convenient cleaning and storage for full face and half mask respirators. Contains ninety ½ oz. packets of water-soluble cleaner, air bulb, bucket, brush, and 100 each sterile storage bags and seals, and large 17-quart, two-sided bucket. Kit meets OSHA recommendations.

N95 RESPIRATORS

8210

3M N95 Particulate Respirator with Staple-Free Attachment
(20 each per box) (8 boxes per case)

8511

3M N95 Particulate Respirator, No Valve
(10 each per box) (8 boxes per case)

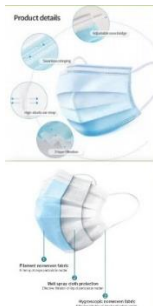

MOL2200N95

Moldex N95 Disposable Respirator

- Dura-Mesh® shell resists collapsing in heat and humidity
- Molded nose bridge seals easily without a metal noseband
- Facepiece is naturally contoured for less pressure
- Straps are securely attached so they don't break at the seal
- Softspun® lining for increased comfort and durability
- Soft foam nose cushion for added comfort
- Available in three sizes to fit more workers and increase OSHA compliance
- NIOSH certified to have a filter efficiency of 95% or greater for non-oil based particulates
- Certified under 42CFR84
- Meets heat and flame resistance in accordance with ANSI/ISEA 110-2009 Section 7.11.1
- 100% PVC-Free, like all Moldex products & packaging - for a greener alternative

1891

3-ply Utility Face Mask – Level 1 – 50/box

- Single Use
- Poly coated nose wire
- Elastic ear loops
- Outside layer: 25 gsm filament nonwoven fabric
- Middle layer: 25 gsm melt spray fabric
- Inner layer: 25 gsm hydroscopic nonwoven fabric
- Nose band: Poly coated metal material
- Ear loop: Spandex

EYE AND FACE PROTECTION

4201-G

Disposable Full Face Shield

The **SAFEMARK®** Full Face Shield is a one size fits all shield and is designed to fit comfortably over eyewear and face masks. It features a Comfort Stretch head band or the Hook and Loop Custom Fit head band.

- Disposable
- Features the industry's highest quality optical grade film
- Comes standard with a proprietary anti-fog coating

(25 each per box) (4 boxes per case)

4679

StarLite Anti-Fog Safety Glasses

Incredibly lightweight, weighing less than one ounce. Deep, universal-fit temples provide side protection equal to that of large side shields. Independently tested to the ballistics impact section of the U.S. Military standard, **MIL-PRF-31013, Clause 3.5.1.1. Independently tested and certified by Underwriters Laboratories to meet ANSI Z87.1+ and CSA Z94.3 standards.**

(10 each per box) (10 boxes per case)

6880

Over-the-Glass Safety Goggle – Clear Lens

Designed to be worn comfortably over prescription eyewear, offering complete eye protection without the high cost of prescription safety eyeglasses. The impact-resistant, one-piece polycarbonate lens with integral side-shields provides a clear, wide field of vision. **Meets ANSI Z87.1 and CSA Z94.3 standards.** The lightweight design features adjustable temples for a customized fit, helping to ensure all-day comfort and maximum worker compliance.

(10 pairs/box) (10 boxes per case)

40212

Cyclone Splash Goggle

Cyclone is a premium impact to splash goggle, with versatility that many workers need.

- **Unique, removable vent inserts convert from impact only to impact & splash protection.**
- **Strong, polycarbonate lens is surrounded by a sturdy vinyl frame for extra durability.**
- **Adjustable headband ensures a comfortable, yet secure fit.**
- **Meets ANSI Z87.1+ and CSA Z94.3 impact standards.**

(10 each per box) (10 boxes per case)

S3960C

UVEX Stealth Goggles – Clear Lens

The Uvex S3960 Stealth Goggles feature a futuristic, low profile design for chemical splash and impact resistance. The goggle's toric lens provides superior optics and peripheral vision. The S3960 Goggles offer unsurpassed comfort with the easiest lens replacement system available. An indirect ventilation system and a Uvextreme treated lens minimize fogging. The goggles feature a quick adjust headband and come in a gray body with your choice of a clear, gray, or amber lens.

DMS-05420

All Risk Wristband Triage Tags, is specifically engineered as an integral part of the new EMT3 (Enhanced Method of Triage, Treatment and Transportation) System. It features updates such as a larger, more detailed Transportation Receipt, an added Ambulance receipt, and a repositioned Contamination strip now located at the bottom of the tag. This forces determination as to whether patient is contaminated or not before triage. We've added a Red/Yellow/Green RE-TRIAGED check circle receipt above Morgue making it possible to downward triage without deploying a second triage tag. We have also added a shortened tag number for easier radio transmission. Waterproof Synthetic Paper with Bar Coding. **(50 tags per package)**

DMS-05525

All Risk Dual Wristband **Pediatric** Triage Tags

This is our Synthetic Paper All Risk(R) Pediatric Triage Tag with the added benefit of 2 bar- coded wristbands; one for the patient, and one for the parent or guardian. This NEW All Risk®Dual Wristband Pediatric Triage Tag from DMS features a JumpSTART Pediatric MCI Triage prompter on the back. **(50 tags per package)**

Features:

- Waterproof, Blood proof
- Military Standard Bar Coding for Tracking & Personal Property Identification
- Evidence Identification
- Presence of Contamination
- Primary/Secondary Decon
- Bar-coded Wristband with Status Checkbox Redundancy
- JumpSTART Pediatric Triage Prompter

DMS-05876

Triage **Training** Tags

Train with the DMS-05876 Triage Tag Trainer in a tabletop drill as well as live drills. Like our All Risk® Triage Tags, these paper card stock tags are optimized for EMT3® (Enhanced Method of Triage, Treatment and Transport). Tags are designed for drills only as they are reoccurring numbers. **(50 tags per package)**

Features:

- Mimics our All Risk® Triage Tag but with abbreviated information for training purposes
- Printed on less expensive non-waterproof card stock
- Can be used in tabletop training
- Also can be used by attaching to lanyards of DMS gingerbread man victim doll when used in live drills
- Military Standard Bar Coding for Tracking & Personal Property Identification
- DCAP-BTLS
- Detailed Transportation Receipt
- Ambulance Receipt
- Personal Property Receipt
- Presence of Contamination
- Primary/Secondary Decon
- S.T.A.R.T. Triage Prompter

DMS-05315A

QuaranTag Quarantine Isolation Monitoring System

The Quarantine / Isolation system is designed to assist healthcare providers and healthcare facilities in labeling & monitoring patients who are under quarantine or isolation. Use the QuaranTag™ to not only label patient rooms, but also the patient via a tag that can either be attached to the patient via the string, wristband, or applying directly to patient's equipment. This system also allows you to link the patient to their personal property + monitor their release status.

Key Features:

- Printed on Blood Proof, Waterproof Durawrite™ Material
- Adhesive Strip on Door Tag and Wristband
- Initial Release Date + 2 Revision Dates
- Personal Property Receipts (2)
- SOAP Notes on Back of Tag
- PPE Reminder

Contents:

- 20 QuaranTags™
- 4 Monitoring Receipt Holders (Each Holds 5 Tag Receipts)
- Storage Clipboard
- Pen

DECON - PERSONAL CARE PRODUCTS

70234N

Decontamination Gown/Modesty Garment
Dark Blue Nonwoven, 30" x 42"
(50 each per case)

IDECON

IDECON Personal Care Kit – is made up of 3 main parts, all of which are contained within a 10" X 14" rugged plastic bag. All 3 parts un-opened, including instructions, are waterproof and easily trackable by barcode that link to an enclosed patient ID bracelet. Easy to read instructions aid in crowd control by prepping patients for the decon process without verbal, one-on-one assistance from responders.
(25 kits per case)

BAG A - Valuables Bag

Easy to follow, illustrated instructions are printed on the front of this re-sealable 10" X 13" bag that moves patients through a smooth and easy decon process. Bar coded, contains entire kit. 10" (25 cm) X 14" (36 cm) bag

BAG B - Clothing Bag

Large, heavy duty bag holds contaminated clothing. Tear and seal closure seals personal items and contaminants. Barcode allows for quick and easy processing and identification of belongings. 31" (79 cm) X 18" (46 cm) bag

BAG C - ID Bracelet, Towels + Redress Kit

Post decon redress kit with bar coded ID bracelet that links to bags.
one-size-fits-all tunic • one-size-fits-all booties • (3) 44" X 20" towels • one-size-fits-all ID bracelet

GLP39

39 Gallon Pop Up Patient Clothing Receptacle – Green

Woven Trap. 26 in. H x 21 in. round. Reusable pop-up receptacle is made of heavy-duty PE woven tarpaulin. Strong, flexible, water resistant and lightweight. Collapses to 3" for easy storage.

PATIENT/SURGE CARE

FA1410

Flex Air Pillow 14" x 10" Inflatable Patient Pillow
(50 each per case)

50982

Premium Bedding Kit – Latex Free

Includes:

SnugFit® Fitted Sheet - rated to transfer up to 250 lbs.

FlexDrape® Flat Sheet

FlexAir® Pillow

Absorbent Underpad

Packaged in a clear, heat sealed bag.

(25 kit per case)

53378

EMS Stretcher Barrier Sheets, Snug Fit, Poly Backing
30" x 84" (50 each per case)

60RS

TackMat 24" x 30" Replacement Pads

TackMat pad sticks directly to clean, smooth floor. These also serve as refills for the 24" and 48" x 30" TackMat frames. Each pad contains 60 sheets of adhesive-coated film, pressed into a mat that is only 1/8" thick. Refilling a 48" x 30" TackMat requires two (2) 24" x 30" pads. (60 each per box)

GEP-18-50

Universal Sorbent Rug w/rubber backing 18" x 150'
Ideal rug for decontamination lane from shelter to ED
(2 rolls per case)

BLANKETS

5084-Y

Yellow Visiblanket, Poly Airlaid 50" x 84"
(25 each per case)

5284SB

EMS Space Blanket – Mylar 52" x 84"
(50 each per case)

PATIENT EVACUATION AND MOVING

MM4080

Megamover Plus Transport Unit (accepts backboards)

40" x 80" – Gray/Black - 1500 lb capacity

(10 each per case)

MM1500

Megamover 1500 Portable Transport Unit

40" x 80" – White - 1500 lb capacity

(10 each per case)

MMTC

Megamover Transport Chair - made of strong nonwoven material with 8 reinforced nylon straps for ergonomic lifting. The Chair weighs only 10 oz., rolls to the size of a water bottle and can transport up 350 lbs. **Ideal for carrying patients in areas of limited space, narrow hallways or down stairs.** 35" x 35" (10 each per case)

BAK-PAK II

The **BAK-PAK II™** Long Spine Immobilization Board was designed by an EMT and constructed by a mechanical engineer with the intention of making a board where every inch, every contour and every feature will serve a purpose. The BAK-PAK II™ spine board is constructed of LLD polyethylene, and is foam-filled - making it great for water rescues! Guaranteed not to crack, splinter or chip. The convex bottom's built-in runners provide raised access to the easy-grip handles.

SCENE LIGHTING

9490

Pelican Remote Area Lighting System

- Up to 24 hours of run time
- Up to 6000 lumens
- 3.5 hours run time on high / 12 hours run time on medium / 24 hours of run time on low
- Calculated 6000 lumens on high
- Intelligent Control (allows for various light output levels)
- Maintenance free LED Array with life expectancy of 50,000 hours
- Full time battery level indication with low level flashing indicator
- Deployable 6' mast with 340 degree rotation
- Multiple deployment positions
- Convenient shoulder strap
- Quick release/ Hot swappable battery design with 12 volt power supply
- Free Bluetooth iPhone™ APP controls multiple units
- Switch type: Silicone rubber keypad

9455

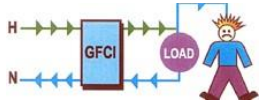

Pelican Remote Area Light

Introducing the Pelican 9455 RALS, the world's first Class I Division 1, ATEX Zone 0 and IECEx ia safety certified remote area light. Now you can take remote area lighting to hazardous areas around the globe.

The 125° beam angle along with up to 1,600 lumens and providing up to 10 hours of run time, the 9455 will support full work shifts and deliver safe situational awareness. Weighing only 16 pounds and completely collapsible, makes for easy carry and quick set ups. The dual light modes, High/Low provide flexible options and is equipped with a 30 minute visible low battery warning indicator. From confined spaces to tight manholes, nothing stops the Pelican 9455 RALS from illuminating the work site, safely.

****The repair of the 9455 needs to be conducted by a certified Pelican Products repair center due to the requirements of the safety certificate.**

- Class I Division 1, ATEX Zone 0, IECEx ia safety certified
- Up to 1,600 lumens
- Up to 10 hours run time
- NiMH rechargeable battery
- High / Low lighting modes
- Low battery indicator
- Hi Vis safety yellow

GROSS DECONTAMINATION

- HDN-Kit-1 **Hydrant Gross Decon Shower Head**

Revolutionary Hydrant Mass Decontamination Nozzle. Available in kit with hydrant gate valve, 30° low pressure elbow, Style 105-S hydrant wrench, and HY-D™. Simple. Compact. Effective. Listed on Department of Homeland Security responder knowledge base. Easily attaches to hydrant or side of fire truck. Provides fast and thorough mass shower decon. Single person installation. Low water usage. Minimizes runoff. Needs no repeated maintenance

- DU 50 **Portable Gross Decontamination Shower System**
- Complete with Storage Bag** - 52" Base Diameter, x 50" Shower width, x 7'.5" height

- DPRP-48 **Circular Elevation Grid** for above Gross Decon Shower – 48" diameter x 2 5/8" height.

- 8102 **100 Gallon Economy Pop-Up Containment Pool**
- Bottom – 64 1/4" diameter – 12" side walls

- 8156 **Storage Bag for 100 gallon pool**

**MDXR-5
MDXR-10**

Mini-Dam - Secondary spill containment berms are open top containment units for temporary storage of oil or contaminated liquids. The secondary spill containment berm also serves as a temporary dike around tanks. They are portable and set up in the field in minutes.

MDXR-5 = 5' W x 5' L x 4" H
MDXR-10 = 5' W x 10' L x 4" H

**A3624B (Base)
A3624A (Add on)**

36" x 24" x 2 5/8" Elevation Grid with rubber feet

Add-A-Level is easily assembled without tools and can stack horizontally to fill a floor, or vertically to give your employees a lift! Because they are made from heavy-duty molded plastic components, they are a perfect fit in the harshest manufacturing environment. Add-A-Level also makes an ideal decontamination platform because it allows water and chemical contaminants to flow through.

YK01B-GG

Stackable Stools

Great for donning and doffing PPE

NON-AMBULATORY DECONTAMINATION

PDS-5000

EMS/HOSPITAL DISPOSABLE DECON SYSTEM

Portable, disposable patient decon system designed to be utilized with a backboard (PDS-1000). Resistant to chemicals. Pre-assembled with PVC drain/hose and 5 gal. collection container. Disposal bag included

PDS-2000

HOSPITAL DECONTAMINATION TABLETOP

For the emergency medical treatment and decontamination of a contaminated/injured patient. Lightweight, durable 100% fiberglass construction. This is an impermeable, washable, reusable unit. Included with the tabletop are backboard, flexible drain hose, locking straps, two 15 gal. waste collection containers, spray nozzle and wall mounting bracket
